The purpose of this document is to:

- The security, protection and peace of mind you can expect.

THE VALUE THAT WE ADD

When deciding the fees we charge for advice we want to be sure you receive value for money and that the solutions we recommend are likely to deliver your objectives.

As an example of the value of advice, research* shows that the average UK income in retirement is £18,000 per annum. However, the average for people who have never used a financial adviser is £17,168. Those who set an income target and used a financial adviser on a regular basis receive an average annual income of £24,175 in retirement. Put another way, by not working with a financial adviser, a client can potentially lose out on an extra 41% or as much as £147,147 over the course of a 21-year retirement.

Besides providing leading-edge investment and insurance solutions, our clients tell us that we add value to them at a planning meeting by:

- Using their existing provisions first before considering starting a new plan
- Checking how any personal changes in income or capital wealth may impact their current provisions or tax situation
- Explaining in simple terms how the UK Government Budget announcements impact them by way of welfare or income, capital or inheritance tax changes
- Reminding them so that they don't miss out on valuable allowances (such as ISAs), that once they are gone, are gone forever
- Making sure they do not miss out on getting money back that might be owed, such as tax relief on pension and retirement planning
- Rebalancing their assets so they're always comfortable with the risk they take when investing, while ensuring they don't miss out on potentially better returns
- Ensuring they do not miss out on getting a better return than they should for the level of risk they take
- Reassuring them they are not taking unnecessary risk with their investments
- Placing their assets in the right name, ownership and tax shelter, so that they legally and ethically ensure they don't pay too much tax when they want to spend them or pass them on.

A TYPICAL ONGOING PLANNING FRAMEWORK

We understand each of our clients is an individual and no two ongoing planning meetings are ever the same.

We want you to feel empowered to shape your meeting purely on your personal priorities.

If anything arises that we feel you could benefit from we will raise it with you.

An example meeting framework may look like this:

- What topics would you like to focus on today?
- An update of your personal circumstances and a review of your goals and objectives
- Reassessment of your attitude to investment risk and return, and market sectors (asset allocation)
- A review of your investment holdings and performance
- Valuations and investment commentary
- Where appropriate, we will make recommendations to keep you and your plans on track with your objectives
- Our personal check of how any changes to legislation or taxation may impact you.

WE WANT YOU TO FEEL EMPOWERED TO SHAPE YOUR MEETING PURELY ON YOUR PERSONAL PRIORITIES.

FINANCIAL PARTNERS FOR LIFE

You do not have to choose an ongoing service with us, although we believe you should check your plans regularly.

You decide the level of service you need and how often you need it. We will confirm this to you in writing, explain the fees involved and how and when you need to pay them.

Most of our clients like to check the progress of their plans once a year to make sure they're still on track to meet their goals.

Having a regular planning meeting means you don't miss out on any of your allowances and you find out if you are affected by any changes in legislation or taxation.

What will the service provide?

THERE ARE 3 KEY ELEMENTS:

1. Keeping you informed:

We will only send you information which we feel is useful to you

2. Valuation milestone:

A milestone check ensures your plans are still on track to achieve your goals

3. Personal safety net:

This ensures that your income and assets are not affected by changes in taxation or legislation.

We deliver this part via your next financial planning meeting, in the format that suits your lifestyle the best, such as face-to-face, by phone or using screen share technology.

We will confirm your options in our Terms of Business and Authority to Proceed documents.
